The scope and philosophy of GSA’s real property policies are contained in 41 CFR part 102–71.

The purpose of this application is to implement the processes and procedures for the successful, lawful, and expeditious conveyance of real property from the Federal Government to public entities such as state, local, city, town, or other like government bodies as it relates to emergency management response purposes, including fire and rescue services. Compliance will ensure that properties will be fully positioned to use at their highest and best potential as required by GSA and Department of Defense regulations, Federal law, Executive Orders, and the Code of Federal Regulations.
